

Silver Metal Clay Taster Class

Class Type:

Taster Class

Class Level:

Beginners

Time:

2 hour

Price:

£35

Class Description

Learn to make your own personalised silver pendant in just 2 hours.

You will be using a great material called metal clay. Metal clay is a clay based substance containing millions of tiny silver particles, when you fire the clay under a torch or in a kiln all of the clay burns away and you are left with a solid silver piece - it's like magic!

This class is a great introduction to working with metal clay and is great value as you will have a pendant to take home with you.

An expert tutor will guide you through the whole process from making the piece, through to firing and polishing.

Absolutely no experience is necessary as this is a beginners level class and complete beginners are welcome.

As with all of our classes, all materials are included in the cost of the class as well as plenty of tea, coffee and luxury biscuits! The classes are all run by expert tutors with years of professional experience who are friendly, knowledgeable and approachable.
